And proudly counts some of the most prestigious names in the business, worldwide aesthetic medical facilities, among its clients.

# Jordi Shape

## Italian slimming instrument

### Pure European SPA

**A new version of the iconic Jordi shape device, allowing you to work even more precisely and achieve excellent results in a non-invasive way. The unique combination of technology allows for excellent modeling and contouring of the body and rejuvenation of the face.**

The device's innovative systems selectively reach demanding locations and ensure safe and painless operation. Additional features added to classic and proven technologies allow to achieve a new dimension of weight loss in aesthetic cosmetology. As a premium model, the modern design of the Jordi shape, has a convenient control system on the large main display and control heads, allowing you to choose the desired program from a variety of operating modes quickly.

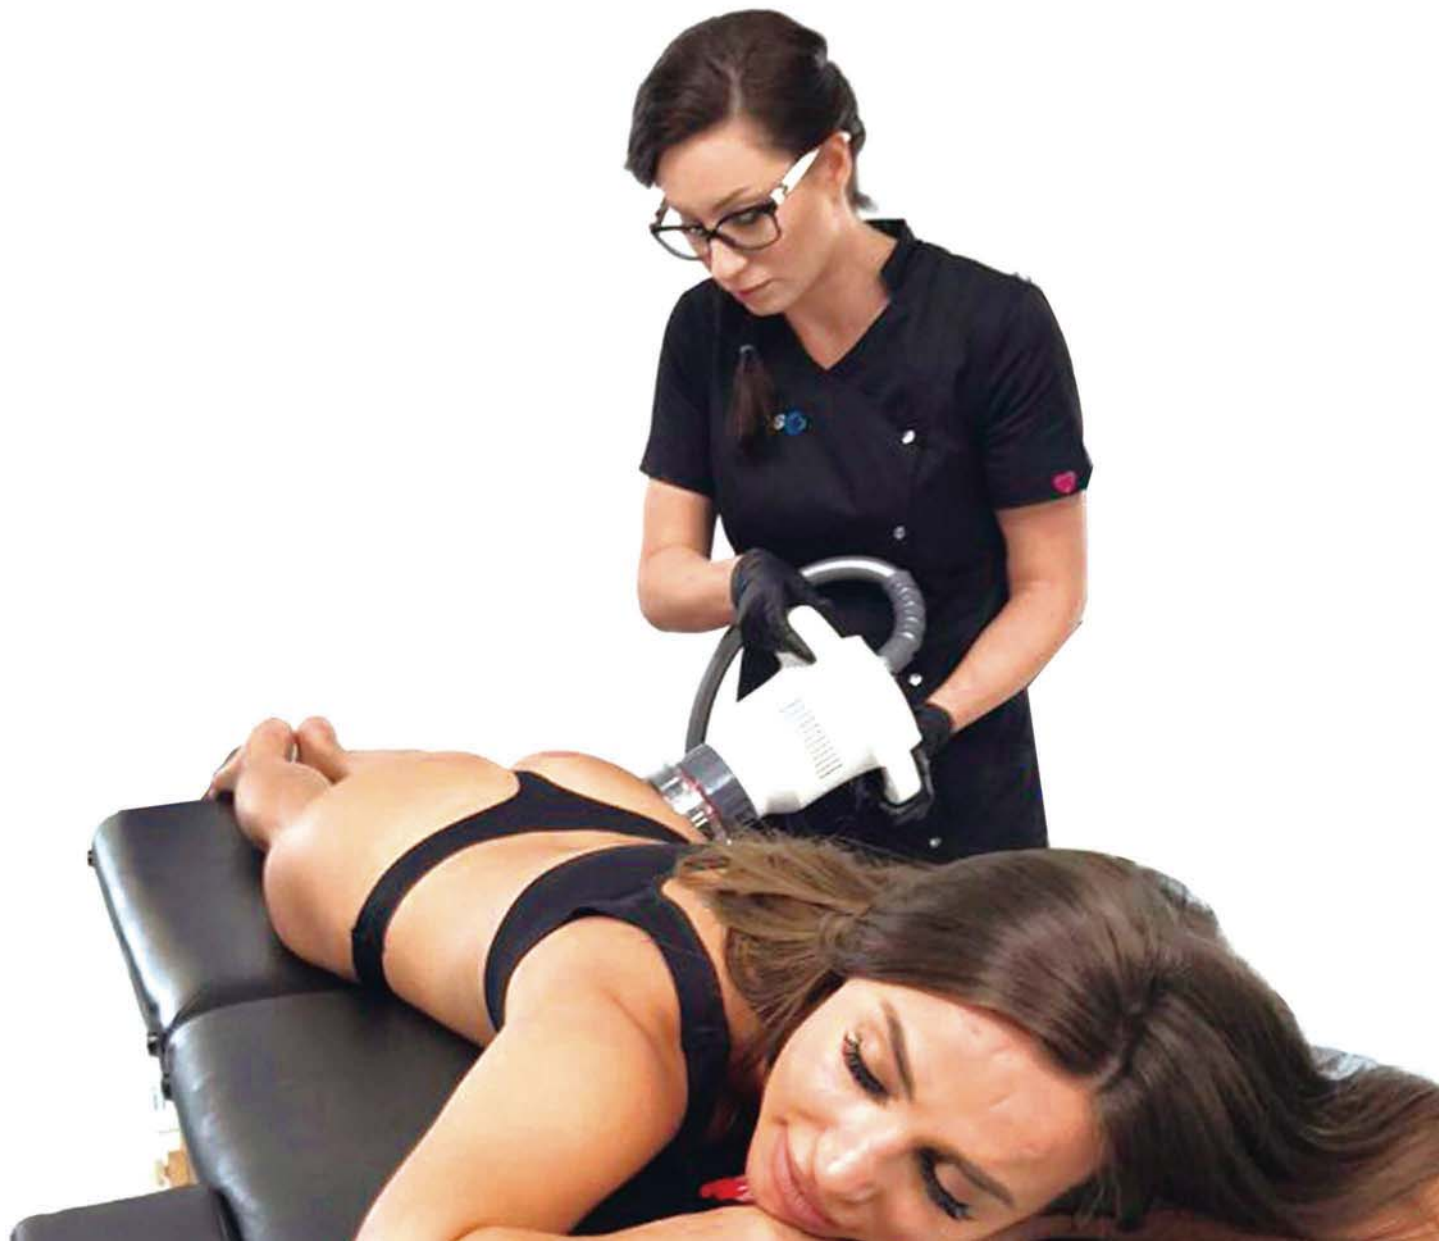

# A wide variety of treatment programs

## **ANTICELLULITE** 橘皮修复

This targeted treatment visibly reduces the onset of unsightly orange peel skin. The treatment helps to smooth the skin, improving drainage and blood circulation, and restoring a harmonious body shape.

## **ANTI AGING** 抗衰老

This treatment promotes tissue oxygenation and skin regeneration. It smooths out wrinkles, granting visibly younger looking skin.

## **LIGHTER LEGS 腿部SPA**

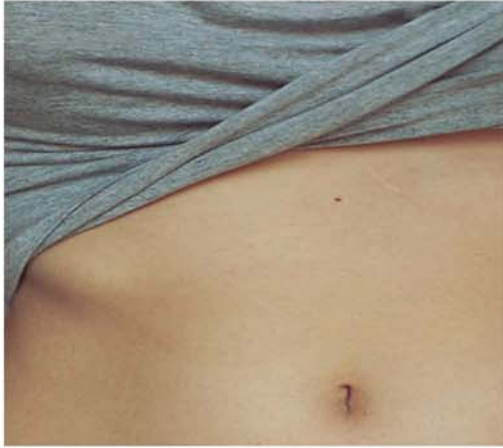

Designed to stimulate lymphatic and blood circulation, this treatment helps to tone and reshape the legs, granting an instant feeling of lightness and wellbeing.

## **TISSUE FIRMING 组织紧致**

This treatment uses cell stimulation to promote the production of collagen and elastin, leaving the skin instantly firmer and the body slender and toned.

The treatment is particularly suitable for toning the skin following weight loss.

## **SCARS** 伤疤

This treatment performs a draining effect, thereby improving the quality and elasticity of the skin around all the main types of scars : inflamed, non-inflamed, old, surgical or traumatic (e.g. Caesarean section), acne with a keloid tendency, hypertrophic. Precise, painless scar tissue mobilisation is suitable for all areas of the face and body, no matter how small.

## **SUPPORT WITH LIPOSUCTION** 吸脂支撑

Before: drains and softens skin tissue, facilitating surgical procedures.

After: contributes to rapid tissue recovery, avoiding irregular skin post-liposuction.

## **TENDON INFLAMMATION 肌腱炎症**

This anti-inflammatory, decongestant treatment helps to relieve pain. Quality of life and motor activity improve after the first treatment.

## **FACE AND BREAST LIFTING 面部和胸部提升**

Designed to oxygenate and revitalise the skin, this treatment reduces fat under the chin and eye swelling, while also fleshing out the lips, smoothing the neckline, firming the neck and remodelling the breasts. It is the ideal choice to refresh your appearance and look radiant without resorting to surgery.
